Computop provides more than 350 payment methods including MobilePay. When the customer selects this mobile payment solution by Danske Bank in the online store, they can pay by simply entering their mobile phone number on the website. The consumers credit/debit card information is stored securely in PCI DSS environment. In addition to Danske Bank account holders, more than 3 Million Danes use this payment. MobilePay is installed on 9 out of 10 Danish smartphones and is also available in Sweden, Norway and Finland.

THIS IS WHY AN INTEGRATION VIA COMPUTOP PAYS OFF:

- Payment guarantee
- Easy reporting via Computop Smart Data
- Easy inclusion in an omnichannel environment
- Simple integration of the single-point
- Paygate API instead of dealing with encryption, infrastructure and protocols

PAYMENT PROCESS IN COMPUTOP PAYGATE
