

**Kenneth M. Overgaard-Nielsen**  
**Managing Director, Chief Operations Officer**

Kenneth M. Overgaard-Nielsen has been appointed Managing Director and COO of payment service provider Computop on 1 September 2024. He is responsible for the Business Solutions and Merchant Services divisions. His area of responsibility also includes various cooperation projects as part of the strategic partnership with the Nexi Group.

After completing his MBA (Copenhagen Business School, International Marketing and Management) and initial positions in strategy development and implementation in various PE owned companies, Kenneth M. Overgaard-Nielsen initially joined the Danish payment service provider Nets in 2019 as Management Associate Group IT Operations and advanced to Chief of Staff for the Group CIO. He was later promoted to Vice President, Head of Transformation & CEO office, and supported the acquisition by the Italian Nexi Group in November 2020 and the following integration. The following year, he moved to the eCommerce Business unit in Nexi Group, where he most recently was and continues to be SVP, Head of Group eCommerce Delivery & Integration.

**Personal details:**

Kenneth lives with his wife and three sons near Erlangen, which takes up most of his time. In addition to family time, he enjoys physical activities, all kinds of sports, to explore new places, and listen to music amongst many things and preferably with his family and friends.
